What is Chestnut Growers of America?

Chestnut Growers of America is a collective of over 100 chestnut growers from all over the U.S. and beyond who work together to share information with each other on growing and selling chestnuts and to promote chestnuts in the marketplace.

CGA strives to promote chestnuts, disseminate information to chestnut growers, improve communications between growers within the industry, support research and breeding work, and generally to further the interests and knowledge of chestnut growers.

Benefits of Membership

Membership in CGA connects you to a network of growers who are all interested in learning from each other's ideas and experiences.

Members receive the CGA newsletter quarterly, which contains helpful articles with the most current information on growing and selling chestnuts, chestnut event announcements, chestnut recipes, and a classifieds section, which is free to members.

Annual membership meetings take place in a different location around the country every year to make it possible for a maximum number of people to attend.

CGA also maintains an extensive resource website available exclusively to members which contains information helpful in growing and marketing chestnuts.

How to Join

Complete the application on the back or download a fillable PDF from chestnutgrowers.org. Follow the instructions at the top of the form to submit your application and member dues. CGA membership is very affordable, only \$45 for individuals and \$55 for households per year.

Questions?

Contact CGA President Roger Blackwell at rblackwel@comcast.net or (810) 923-2954.

Membership Application/Renewal Form
